DIRECTIONS

FIRST

1. Fill out this Course Selection Planning Worksheet using the Digital Course Offerings Book.

2. All students are required to select options for each of the eight class periods.

3. Bring your completed worksheet to your assigned counselor meeting between **November 26th-December 4th.**

You must bring this sheet your counselor meeting in order to ensure that your choices are entered for next year.

PLEASE NOTE: This is a list of course selections, not a period-by-period schedule or order of classes. Semester classes will be automatically balanced and could appear either first or second semester.

Things To Remember...

- Have you chosen your English, Math, Science, Social Studies courses?
- Did you choose your elective courses— World Language, Music, Art, FCS, Business, or Industrial Technology?
- Did you consider a balance in your course load?

• Remember, level changes can only be made at the semester break and only if there is room in the course.

• Did you choose courses that align with your future goals—college, career, military, corporate training?

- Remember, it is important to use York as a place to get college, career, and life ready.
- Did you refer to your 4-year plan to make sure you are on track?

• Did you check the graduation requirements to make sure you're on track?

COURSE REFLECTION & TEACHER OPINION HOW DO I KNOW WHAT CLASS IS BEST TO TAKE NEXT?

While the courses you select are your choice, there are several factors that may affect your choices, including:

- Some courses have prerequisites and you must take the prerequisite course(s) first in order to take more advanced courses
- You may want to consider your teacher's opinion as to whether a certain level of class may be a good fit for you next year.
- Some departments have clear 'course paths' and those can be found on the department page of the <u>Digital Course Book</u>
- Think about the amount of challenge you had this year and how you want to continue or change your course load for next year.
- When I sign up for this course, I am committing to remaining in the course for the semester. Changes to level can only be made at the semester and only if space is available in the new class and can logistically be changed in your schedule.
- What career clusters (areas) and future plans am I considering when selecting my courses? List those clusters/plans here:

Below is space where you can consider all of these things and make notes for yourself
